You will find everything you need for your job search in agriculture below.

Not sure what job is for you? Be sure to check out the A-Z of agricultural careers below!

## General Ag jobs

### **AgriTalent**

<https://www.agritalent.com.au/>

AgriTalent provides permanent recruitment and executive search services exclusive for Australian agribusiness. AgriTalent combine a proven, process-driven approach with the most extensive digital network in Australia to provide permanent staff to the agricultural industry.

### **Ag Career Start**

<https://agcareerstart.com.au/>

AgCAREERSTART is a structured program that introduces young Australians to a career in agriculture.

Over 12 months, you will be matched with an on-farm job, given training and development, and gain access to industry events and experiences with your AgCAREERSTART cohort.

AgCAREERSTART is an Australian Government initiative, delivered by the National Farmers' Federation in collaboration with leading industry bodies

### **Ag Jobs Australia**

<https://www.agjobsaustralia.com.au/>

Ag Jobs Australia find reliable, experienced workers to fill permanent and seasonal positions in agriculture, horticulture and associated industries across Australia.

### **Agri Labour Australia**

<https://www.agrilabour.com.au/>

Agri Labour has been sourcing reliable individuals and crews of candidates for farm work in Australia since 2009. Agri Labour specializes in recruiting motivated farm hand seasonal farm workers as well as permanent farm employees to assist in farm labour requirements.

### **Ag Workforce Agricultural Recruitment**

<https://www.agworkforce.com.au/member/register.aspx>

Ag Workforce is a privately owned Agricultural Recruitment Agency based in Toowoomba, Queensland. Since 2005, Ag Workforce has been recruiting casual, seasonal and permanent staff across all areas of Australian agriculture.

Ag Workforce matches job seekers with agricultural positions through a screening process to ensure that employees match our clients needs.

### **Australian Government agricultural careers**

<https://www.agriculture.gov.au/about/jobs/apply>

The Department of Agriculture, Fisheries and Forestry (DAFF) is an ideal workplace for those who want to develop their research and analytical skills, build strong relationships, and work across a range of fields relating to the agriculture, fisheries and forestry portfolio.

Awejobs.nga.net.au

If you are interested in working on a short-term or casual basis, you can register your interest on the Department's temporary employment register

### **AusVeg**

AusVeg has a playlist of career videos on their YouTube channel

<https://www.youtube.com/playlist?list=PL4cJZzAUfvKBTg4jdRamr-mvzB17aoWgw>

### **Career Harvest**

<https://www.careerharvest.com.au/>

Career Harvest is a one-stop shop for prospective students to discover rewarding careers. There are a wide range of meaningful jobs within agriculture and agribusiness industries that graduates can make meaningful contributions to. Current challenges and opportunities available to graduates include feeding the world, adapting to climate change, managing the environment, operating profitable markets, managing future energy sources and maintaining biodiversity.

### **Greenlife Industry Careers**

<https://www.greenlifeindustry.com.au/greenlife-careers-hub/greenlife-careers>

Meaningfully contribute to creating liveable cities, healthy environments & protecting the future of food security in Australia.

### **Pacific Seeds**

<https://www.pacificseeds.com.au/careers/>

Pacific Seeds was established in Central Queensland in 1962. Through technological innovations and collaboration with Australian growers, we grew to become the country's leading seed provider.

Pacific Seeds are looking for the next generation of innovative thinkers to join them as they shape the future of Australian agribusiness.

## Jobs by Commodity:

### **Cattle:**

<https://herdthat.com.au/jobs/>

HerdThat is an initiative by NT Cattlemen's Association to highlight the importance of the NT cattle industry within the economy. Visit the HerdThat Jobs Portal to advertise or apply for jobs in the cattle industry.

### **Cotton:**

Cotton Australia's Cotton Gap Program is a future-focused industry program that exposes school leavers to the diverse range of careers available in the cotton industry. It connects school-leavers with farmers exposing them to the diverse range of careers available in the cotton industry. To participate in the program students register their interest. Cotton Australia then works with growers to match students with an appropriate placement during the cotton growing season.

### **Cotton Gap Year:**

<https://cottonaustralia.com.au/cotton-gap>

The Australian Cotton Industry encourages new people to join our industry who have a passion to innovate, work collaboratively and help clothe and feed our growing population in a more sustainable way.

### **Cotton careers:**

<https://cottonaustralia.com.au/careers>

**Plant industries:**

**NT Farmers Association**

<https://jobsboard.ntfarmers.org.au/>

The Northern Territory Farmers Association (NT Farmers) advocates represents and advocates for plant-based industries in the NT. As a peak industry body, NT Farmers promotes agricultural development in the Northern Territory and assists growers with support services.

NT Farmers are the authorised Harvest Trail service provider for Northern-Western Australia and the Northern Territory. If you are a job seeker, you can browse through a variety of jobs available on the NT Farmers Jobs Board.
